

SEA CHANGE

In response to huge environmental challenges faced by the world's oceans, we present to you a range of eco-friendly wines. 'Sea Change', a new wine concept is a label designed to help tackle global plastic waste. This is an eco-conscious range of wines with minimal packaging, light weight bottles and no plastic. 15% of the grape waste produced by Sea Change is also recycled and put to alternative uses. The wines utilize a fascinating closer made from nomacorc, a biopolymer derived from sugarcane, resulting in the cork being biodegradable. With no capsule cover, Sea Change minimizes unnecessary packaging and enhances the ease of recycling.
