

BAHRI

Bahri, meaning 'vast like the ocean' in Arabic, is an ode to the enduring romance of the silk route and its eternal influence.

At its most prosaic, the 'Silk Road' was a series of trade routes that began thousands of years ago and as kingdoms rose and faltered the route swerved and shimmied, calving tributaries that crossed mountains and deserts and eventually even the sea.

Heading west from China trundled caravans and boats of silk, tea, paper and spices; heading east came glass, gold, silver and horses. The route was long and dangerous, but travelers persisted nonetheless driven by curiosity, a craving for the new and ultimately by a fundamental need to explore.

Bahri speaks to this enduring spirit as a treasure trove of yesteryear adventure.

Synonymous with the trail was the peacock, known to have the feathers of an angel, the voice of the devil, and the walk of a thief Bahri symbolizes the noble bird through its appearance and swagger. Peacocking is something of a pastime here in the spirit of our Silk Road forebears...
