VOYAGE

Italy is one of the most beautiful countries in Europe. Every year millions of tourists visit this country to see its attractions. The capital of Italy is Rome and there are certainly many interesting sights in this city, including the Colosseum, St. Peter's Basilica, the Trevi Fountains. However, lots of Italian sights are situated outside Rome, in Florence, Venice, Milan, Pompei and other cities. One of the attractive cities in Italy is Venice. It's a floating city, which is made of more than 1000 small islands. These islands are separated by canals but linked by numerous bridges.
