

# AKASA

A signature cliffside venue offers flame-grilled seafood, prime cuts infused with aromatic firewood and sits on the topmost level of Jumeirah Bali with awe-inspiring views across the island's gin-clear waters and romantic sunset panoramas.

The menu is an ode to dishes cooked over an aromatic, wood-fired flame using only the finest seasonally-changing local firewood. We strive to evoke the essence of barbecue by using locally-sourced hardwoods in the cooking and grilling process. The heat from the fire, smoke from the wood and dripping juices impart a distinctive scent and combine to create an unforgettable taste sensation.

## PEPPERCORN PREMIUM BEEFSTEAK

Following a French tradition, AKASA offers an extraordinary collection of Peppercorn sauces from around the world, where you can choose from hand-picked varieties including citrusy Lampung pepper from Indonesia, Vietnam's Phu Quoc peppercorns, Timut variety from Nepal and others to create your very own taste sensation.

### Our Peppercorns Selection:

With its spicy blend of three different types of peppercorns, **Penja Peppercorn** has a light, herbaceous, grassy note like no other. This peppery blend comes from the Cameroon region of Africa.

**Timut Peppercorn** from Nepal is the rarest, most pungent of all peppercorns. It has a grapefruit and yuzu-like scent and woody and floral background.

**Phu Quoc peppercorn** often goes by the name of black pepper. While it is grown in Vietnam, the distinctive flavour and aroma come from the rich soil of his Vietnamese roots. This pepper has a low pungency rating and has a delicate lemon flavour with an earthy peppery aroma.

A unique spice, **Szechuan peppercorn** is a rare ingredient that has three different flavours all at once. First, the pepper is bitter; then it numbs your tongue with a tingling sensation; and finally, it delivers a rich citrus flavour like nothing else on earth.

**Kampot peppercorn** is intensely spicy to mildly sweet and also reveals floral and citrus hints from the beautiful country of Cambodia. Coming straight from the Kampot region in Cambodia, this pepper adds a bold kick to any dish but is most often used as a finishing spice for grilled steak or chicken.

**Voatsiperifery** (pronounced «Voht-si-pear-e-fee-ree») pepper is a mixture of several varieties of true peppercorns, ranging from black to red to brown. It has fruity and woody notes and really packs a punch when you use it in recipes.

**Malabar white peppercorns** are a type of small and slender pepper from India. It has some sweetness, acidity, citrus, mustard or camphor flavours and can be used to enhance the taste of food.

Bright and fruity, but with an intense spiciness on the tip of your tongue, **Lampung peppercorns** from Indonesia are an evocative ingredient. Their aroma is reminiscent of Southeast Asia, while they bring a vibrant flavour to marinades and sauces.
