The GIN Foundry

G&T 1.0 The English Staple

The Gin and Tonic might be the most simple of cocktails to prepare, but it has a whole lot of history behind its invention. The origin story of the drink is far from simple and is in fact, deeply related to the expansion of the British Empire into the Indian subcontinent and around the world. The gin and tonic was a drink that was invented as a ploy to get British soldiers to take their quinine, that would help them fight malaria that was considered a deadly disease back then.

G&T 2.0 The Spanish Gin-tonic

Spain's gin tonic resurrection happened around the year 2000 when a new renaissance brought art in to the Gin tonic. The Spanish gin-y-tonica is elaborately garnished with many different herbs, spices and flowers to amplify the botanicals in the gin, a long way from the simple squeeze of lime.

Citrus

30ml 60ml

Tanqueray

45 80

A wonderfully balanced recipe that combines a rich, full flavor and a bold, invigorating taste. Tanqueray gin is a complex combination of botanicals.

Tanqueray No. 10
