SAHN EDDAR

*Burj Al Arab,
An Architectural Icon*

WELCOME TO SAHN EDDAR

Arabic for “reception of the house”, is located at the base of world’s tallest atrium, **Sahn Eddar** provides the perfect place to meet. Linger over morning coffee or Afternoon tea and watch the 42 meter water column leap skywards towards the peak of the atrium.

Inspired by a seafaring tradition, **Burj Al Arab** presides over the shifting sands and sea of the Arabian Gulf. Its sail-like form towering 321m above a man-made island is a tribute to opulence, ingenuity and the Arabian spirit.

In 1994 the world’s first seven star hotel began to rise up from the Arabian Gulf, opening five years later, the billowing dhow sail pays a fitting tribute to the nations seafaring heritage.

Already a considerable engineering challenge, the dazzling white fabric of the sail was achieved by sun bleaching multiple fabric samples over several weeks until the desired shade of white was achieved. The protective coating ensures that Dubai’s climate and the Shamal winds do not effect the fabric’s intensity. This relentless search for perfection is a true testament to the quality that is expected from **Burj Al Arab**.

The **Burj Al Arab** has become Dubai’s globally recognised icon. It is a masterpiece of engineering and design symbolising the history of the United Arab Emirates and one which truly placed Dubai on the luxury tourism map.

*Burj Al Arab constructions begins
in 1994 and opens in 1999.*

ONE MAN'S VISION BECOMES REALITY

His Highness Sheikh Mohammed bin Rashid Al Maktoum's vision was a building as instantly recognisable as the Sydney Opera House or the Eiffel Tower: an international symbol of Dubai.

Architect Tom Wright's inspiration came watching a yacht leaving Dubai: why not a building evoking a ship's sail? The iconic, elegant Burj Al Arab was born.

His Highness Sheikh Mohammed bin Rashid Al Maktoum envisioned interiors that would astound visitors and get the world talking. Teams of designers, including internationally-renowned Khuan Chew, developed a look inspired by Arabian styles and symbolism, but with a contemporary twist. From furnishings to uniforms, this look was bolder and more extravagant than anything seen before.

The creative vision for Burj Al Arab was carried through to the smallest details. The original staff uniforms were created by Bruce Oldfield, fashion designer to royalty. With sumptuous embroidery and elegant silhouettes, these were inspired by Arabian motifs and used the same rich blues, reds and golds as the interior scheme.

The longest diagonal truss is 85 meters long and weighs 165 tonnes.

Guests arrive in incomparable style. The impressive flaming fountain at the entrance or the futuristic helipad on the top, is just a hint of what awaits beyond the doors of Burj Al Arab.

21,000 Swarovski crystals sparkle from the ground mezzanine lift lobby ceiling.
